LUNCH WILL BE PROVIDED

Our discussions will include:

- The damaging impacts of short term, small dollar loans on working-class and low-income earners;
- What other states have done to combat the traps and tactics of the alternative lending industry;
- How current Alabama law fails to adequately protect consumers and how the law can correct existing ills; and
- What products and services banks and credit unions can offer to fully serve their communities.

Members of the public and the media are encouraged to attend.
